## Skills

---

**Languages:** Java, JavaScript.

**Technologies :** VueJS , NodeJS, Express, MongoDB, ReactJS, HTML, Bootstrap.

**Developer Tools :** VS Code, Eclipse IDE.

**Database:** MongoDB.

**Soft Skills:** Presentation, Planning, Organized, Creative Problem-Solving, Teamwork, Active Listening, Adaptability, Analytical Thinking

## Education

---

**Chhaya Public School (CBSE)**

- May 2017

High School

**CGPA:8.2/10**

May 2016

**Chhaya Public School (CBSE)**

2019

Intermediate **PCM(Science)**

**75%**

May 2018 - May

**Dr. APJ Abdul Kalam Technical University**

2024

Bachelors Of Technology (**Computer Science**)

**CGPA:7.1/10**

Aug 2020 - Aug

## Project Work

---

- **Java Car Rental System:** Developed a mini project: a comprehensive car rental management system in Java, utilizing object-oriented programming principles for robust and maintainable code. The system covers customer management, vehicle tracking, and reservations.
- **E-Commerce Website(myStore):** Developed a full-stack web application using Node.js, Express, MongoDB, and React. The project features user authentication, CRUD operations, and dynamic content rendering. Node.js and Express handle the backend, providing RESTful APIs, while MongoDB stores user data and application state. The React frontend offers a responsive, interactive user interface. This project demonstrates expertise in MERN stack development, ensuring efficient data handling, seamless user experience, and maintainable code structure.
- **College Management System:** Currently working on a full-stack college management system using Node.js, Express, MongoDB, and Vue.js. The system includes student records, course registrations, attendance, and faculty management, along with a payment gateway integration. Node.js and Express handle the backend with RESTful APIs, while MongoDB securely stores academic data. The Vue.js frontend offers a responsive and interactive user interface. This project demonstrates expertise in modern web development, ensuring efficient data handling, a seamless user experience, and maintainable code.

## Certificates

---

- **AWS Academy Graduate - AWS Academy Cloud Architecting:** Achieved AWS Academy Graduate status in AWS Academy Cloud Architecting, demonstrating proficiency in designing and deploying scalable cloud solutions.
- **SalesForce(Mountaineer):** <https://www.salesforce.com/trailblazer/ptanwar9998>
